

Why Work for M²?

M² provides consultants with interesting clients, challenging work and a professional partnership that creates opportunity and credibility.

What is the M² Process?

We identify consulting work through our long-term client relationships and new business development efforts. Once the project scope is clearly defined, we look to the M² network for the targeted expertise to deliver results. If you have the relevant experience, we contact you for an in-depth interview to discuss your expertise, background, cultural fit, interests and availability. When selected for M² client work, we provide support to facilitate your success and work closely with you to ensure client satisfaction.

How do you pay your consultants?

Consultant rates and compensation plans are determined by the scope of the project as well as the client requirements and IRS considerations. Compensation is agreed upon during the selection/hiring process. M² manages all client rate discussions and client invoicing. We offer competitive compensation and benefits programs designed for the senior consultant. There are also incentives for project and consultant referrals.

How can I be proactive about project opportunities?

Regularly check projects within the M² Consultants Only section of our website and inform us of your interest. Listings are updated daily. We'll acknowledge your interest in projects and contact you if skills and timing indicate a match. You can also attend consultant briefings. These short meetings are a great way to meet us—and other consultants—in person. For schedules, locations, and RSVP details, contact us at **(888) 818-2505** or, www.msquared.com.

M² Consulting is a specialty consulting firm dedicated to helping our clients solve their critical business issues by providing seasoned, targeted consulting expertise tailored to our clients' unique needs.

M² provides unique value:
